SHEKH SHARFUDDIN AHMED KARIB

JR. FULL STACK DEVELOPER

PROFILE

Full stack web developer with hands-on experience building complete applications using React, Django, and Django REST Framework. Comfortable working across the stack — from database schema and REST APIs to responsive, Tailwind-styled UIs — and quick to pick up new frameworks such as Next.js. Enjoys building side projects, debugging, and shipping working software, and actively uses AI tools like ChatGPT and Claude Code to work faster.
